a Bit of Our History...

B and R Manufacturing Co. Serves Industrial Progress

Without taking any of the credit away from the industrial giants of the nation, it's an unquestioned fact that thousands of smaller companies located throughout the United States play a major role in the tremendous records of Twentieth Century progress.

A case in point is found at 11230 Ilex Ave., Pacoima, the home of the B and R Manufacturing Company owned by Mr. H. M. "Robbie" Robinson, president. Mr. Robinson, who has 20 years of experience in the precision machining field, heads a concern which was established 20 years ago and living in the valley 58 years. Today his customer list includes such impressive names as Bendix and Lockheed as well as many missile and aircraft parts manufacturing companies who contract with B and R Manufacturing for a wide variety of essential precision machined parts, as well as small aircraft parts distributors.

Employing only local people, Mr. Robinson's shop specializes in such precision work as wire welding to the thickness of a human hair; hole drilling to 6000th diameter. Production is carried out under the direction of his shop foremen Mr. Don Towers and Mr. Derril Beebe, mgr., while Miss Ethel Ross, secretary treasure, assists Mr. Robinson in the executive end of operations.

H. M. "ROBBIE" ROBINSON

A well known valley area industrialist, Mr. Robinson has a reputation for honesty and integrity that has been instrumental in the success of his firm. He also gives the personal credit in large measure to his wife, Helen Robinson, who provided much of his inspiration.

Active in community affairs and interested in people, Mr. Robinson has been a member of the Van Nuys Elks Lodge No. 2028 for the past 11 years, and is also a First Degree Mason.

A newspaper article about B and R Manufacturing Company in Pacoima, California.

H. M. "Robbie" Robinson was Gary's Grandfather; Derill Beebe was Gary's Father.

Three generations of Job Shop owners and operators.

The Article is from the *Valley News* in 1967.
